RoboTrivia

Scope of Work:

- Robogames is looking for the best new trivia game app! Let your nerd flag fly in whatever subject you know best! We need a trivia app where you can play trivia games against your best friends and worst enemies. The app should let you play by yourself or with up to 4 people in real time on the same computer.

Requirements

- Use the Open Trivia Database API (https://opentdb.com/api_config.php) (<https://robohash.org/>)
- Choose a category, level of trivia and number of people to play with!
- Have a cool animation to show the user if they got the right or the wrong answer
- Have a scoreboard displaying high scoring users
- Automatically generate a robot avatar for each user from <https://robohash.org/>

Extras

- Once you beat the highest level of a category you get a badge that gets added to your profile. Try to collect all the badges.
- Have a link to send to a friend for them to try to beat your score on the same set of trivia questions.

Deadline:

- Wireframes by Wednesday
- Beta by Friday
- Final by the following Wednesday

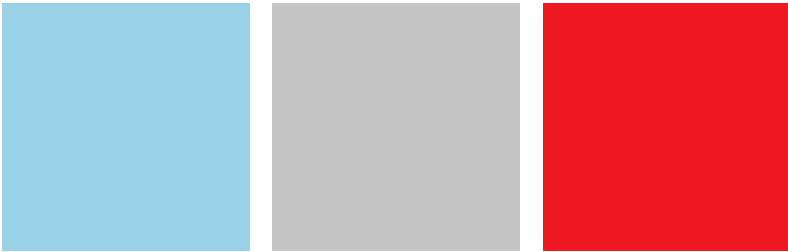

Deliverables:

- Project up on GitHub
- Project live at URL (can be gh-pages URL)
